

Where can I find the products registered and reported so far?

1. Login to the RPC as usual
2. Click on «CH Login»
3. In the dashboard go to «search»
4. Please go to the search field and press the magnifying glass (without typing anything)

The screenshot displays the 'Product register for chemicals' web application. At the top left, the Swiss flag and the text 'Schweizerische Eidgenossenschaft', 'Confédération suisse', 'Confederazione Svizzera', and 'Confederaziun svizra' are visible. The page title is 'Product register for chemicals'. The user is logged in as 'Makaliny Vigneswaran (Denner AG)'. The navigation menu includes 'Home', 'Product', 'Parameter catalogue', and 'Admin'. The 'Product' menu item is highlighted with a red box. Below the navigation menu, there is a 'Product search' section with a 'Search' button and a 'Downloads' link. The search input field is empty and highlighted with a red box. To the right of the search input field is a magnifying glass icon, also highlighted with a red box. Below the search input field, there are several checkboxes for filtering: 'CPID' (checked), 'Primary name' (checked), 'Authorisation number' (unchecked), 'Additional Tradename(s)' (unchecked), 'Item number' (unchecked), and 'Primary key' (unchecked). A 'Filter' button is located below the checkboxes. On the right side of the page, there is a blue button that says 'Please select a product'.
